Spring & Summer Price List

April 15th, 1952

This price list cancels all previous offers.

LIMITED OFFER OF FINE HYBRID SEEDLINGS IN 2½ in. POTS

The following seedlings in 2½ in. pots were offered last year and we still have a few left in the crosses listed. These plants average 5 to 10 inches high and are priced at \$3.00 each.

- No. 35 C. ALESIA ALBA This hybrid is a strong growing white with colored lip. The flowering season is Spring.
- No. 36 C. ALICE PEARCE (C. Mossiae "Reineckiana" X C. Princess Royal alba) A Spring flowering white with a highly colored lip. Flowers have a very fine form.
- No. 37 C. CATHERINE PATTERSON (C. Enid alba X C. Mrs. Fred. Knollys alba) Winter blooming whites with colored lips. This hybrid usually has very large flowers.
- No. 38 C. MILLE, LOUISE PAUWELS (C. Edithae X C. Intertexta "Juliette") An Early Spring blooming, strong growing, Pure White.
- No. 39 C. YVONNE ADAIR (C. Clementine Goldfarb X C. Pegeen Fitzgerald) A rapidly growing Mid Winter blooming Pure White Hybrid. The flowers are large, have a heavy texture and usually each lead produces 2 to 4 blooms.

We have several other crosses, but there aren't enough of each available to list them here. If interested please write for list.

HYBRID SEEDLINGS IN 2 in. POTS

The following plants average 4 to 6 in. high and are priced at \$2.00 per plant.

- No. 201 C. TALISMAN (C. Fabianid X C. Tityus) A Fall blooming hybrid with a reddish cast and large frilled lip.
- No. 202 C. INTERTEXTA X C. TITRIANAE A Variable bloomer with very dark flowers.
- No. 203 C. ENID ALBA X C. ALBOR A White with Colored Lip hybrid producing large flowers, Variable bloomer.
- No. 204 C. SUZANNE HYE X C. ALBOR Spring and Winter blooming, white with colored lip.
- No. 205 BC. HEATONENSIS (B. Digbyana X C. Hardyana) Both parents of this cross are very productive, vigorous and extra fine. Flowers will probably be pale green to cream colored.
- No. 206 BRASSAVOLA DIGBYANA - (Species) A cross of two outstanding and very fine Brassavola Digbyana. Large greenish white flowers with large ruffled lips. Blooming season Various. This is the species so often used in crosses with Cattleyas to induce a large ruffled lip.

- No. 207 C. CYBELE X SELF A fine lavender with purple lip, Fall & Winter blooming.
- No. 208 C. PERCIVALIANA X (C. DOWIANA AUREA x C. APHRODITE) The Percivaliana used in this cross was a fine rosy lavender, fls. large. (C. Dowiana Aurea x C. Aphrodite) had rose flowers with a large Dowiana type lip. Winter blooming.
- No. 214 BC. HEATOMENSIS (C. Hardyana X B. Digbyana) The seed parent in this cross had large dark flowers with red-purple lips veined with gold and yellow eyes in throat. The B. Digbyana was an exceptionally fine one.
- No. 228 C. ELEANORE ALBA X C. NUTLEY ALBA Summer and Autumn Whites with Purple Lips.
- Cross No. 202 is also available in 2½ in. pots at \$2.50 per plant.

HYBRID SEEDLINGS IN 1½ in. POTS

The following hybrids average 3 to 5 in. high.

- No. 207 C. CYBELE X SELF.....\$1.25 each
 Description given under hybrid seedlings in 2 in. pots.
- No. 208 C. PERCIVALIANA X (C. DOWIANA AUREA x C. APHRODITE).....\$1.25 each
 Description given under hybrid seedlings in 2 in. pots.
- No. 213 C. GUTTATA X C. PATRICA MUNSEL.....\$1.25 each
 Experimental Cross. The C. Guttata used in this cross had flowers with bronze sepals and petals and purple lips. The Patrical Munsel had large white flowers with yellow in the lip. Should produce bronze or cream flowers of heavy texture.
- No. 214 BC. HEATOMENSIS (C. Hardyana X B. Digbyana).....\$1.25 each
 Description given under hybrid seedlings in 2 in. pots.
- No. 215 BRASSAVOLA DIGBYANA X SELF - (Species).....\$1.25 each
 This is an exceptional Digbyana that has been used by a well known grower for hybridizing for a number of years.
- No. 216 C. CORYDON (C. Armainvillerensis X C. Trianae).....\$1.25 each
 Both parents were pale lavender with deep purple lips. Winter flowering.
- No. 217 LC. CHAS. FUTTERMAN X BC. MME. CHAS. MARON.....\$1.25 each
 A rose-lavender Brassocattleya for the Winter and Spring seasons.
- No. 219 C. TRIUMPH X BC. HARTLAND.....\$1.50 each
 Vivid, Dark Brassocattleyas. A dependable Spring bloomer, probably a twice yearly bloomer.
- No. 221 C. MAGGIE RAPHAEL ALBA X LC. COLEMANIANA ALBA.....\$1.50 each
 Clear White flowers with vividly colored lips, purple and gold veined throats. Late Autumn and Winter blooming season expected.
- No. 222 C. JOYCE HANNINGTON X C. BOBBY JEWELL.....\$1.50 each
 Extra fine Pure Whites for the Autumn season.
- No. 224 (C. EMP. FREDERICK ALBA x C. PRISCILLA ALBA) X C. EDITHAE.....\$1.50 each
 Flowers White with Purple Lips. Winter flowering.
- No. 225 C. MAGGIE RAPHAEL VAR. AUREA X C. DOWIANA AUREA.....\$1.75 each
 Rich Yellow flowers with Purple lips. Flowering season Winter thru Spring.
- No. 226 C. LORNA ALBA X BC. MME. CHAS. MARON.....\$1.50 each
 Expect huge flowers, white to charming pastel colors. Spring blooming.
- No. 227 C. TRIMOS X BLC. MALVERN.....\$1.50 each
 Should give a good percentage of Yellows with reddish purple lips. Winter and Spring blooming.

- No. 232 C. MONMOSS X C. DUPREANA.....\$1.50 each
 This cross should produce mostly large, dark colored flowers that are in such demand on the market.
- No. 233 C. TITYUS X LC. LUSTER.....\$1.25 each
 This cross should produce medium to dark flowers. A certain percentage will probably have splashed flowers with darker lines down the mid-ribs of the petals.
- No. 234 LC. APHRODITE X C. DUPREANA.....\$1.50 each
 This cross should produce some nice splashed varieties.
- No. 235 C. HARDYANA X C. TRIANAE.....\$1.50 each
 Large medium-dark flowers, expected to be a twice yearly bloomer.
- No. 237 LC. APHRODITE ALBA X C. DOWIANA AUREA.....\$1.50 each
 Most of these will be Whites with Purple Lips, but a percentage will be cream and some will resemble C. Dowiana Aurea. Spring blooming.
- No. 238 BRASSAVOLA PERRINII X CATTLEYA ARMAINVILLERENSIS.....\$1.25 each
 Experimental Cross. This cross should produce fragrant, light lavender flowers with darker lips. The flowers will probably be shaped similar to B. Perrinii.
- No. 240 LC. JAMES RABE VAR. VIVID X C. FRED SANDER VAR. GLORIOUS.....\$1.50 each
 This cross should result in fine, large, dark and vivid blooms for the Winter Season.

We also have a number of blooming size hybrids available from time to time. If interested please write for list.

BLOOMING SIZE SPECIES PLANTS

abbreviations

Sp. - Spring blooming	S - Sepals	C - Cool should be grown at (50 to 60° Fahr.)
Su. - Summer	P - Petals	I - Intermediate ditto (55 to 65° Fahr.)
Au. - Autumn	L - Lip	W - Warm ditto (65 to 70° Fahr.)
Wi. - Winter	fls. - flowers	b. - species recommended for beginners,
V. - Various	*	- Commercial, flowers grown for commercial purposes.

CATTLEYAS

- b.C. bicolor, fls. about 4 in. across; S&P bronzy-green; L rose-purple. Su. I. Established plants in 4 in. pots \$5.25 each, 6 in. \$7.50 each.
- b.C. Bowringiana, fls. in clusters, 2 to 3 in. across; S&P rose-purple; L much darker. Au. I. Plants in 4 or 5 in. pots \$7.50 each.
- b.C. Chocoensis, fls. $4\frac{1}{2}$ to 5 in. across, S&P white to blush white, L magento-purple, throat yellow. Wi. I. Plants in 5 in. pots \$7.50 each, 6 in. \$8.00, 8 in. \$10.00.
- b*C. Eldorado, 2 to 3 fls., 4 to 6 in. across; S&P rose; L purplish with deep orange throat. Au. I. Plants in 4 in. pots \$4.00 each, 5 to 6 in. pots \$5.00 each.
- b*C. Dowiana, fls. large 6 to 8 in. across, S&P nankeen-yellow, L rich crimson-purple streaked and lined with bright yellow. Very beautiful flowers. Su. & Au. I. Nice plants making new growths that should flower within the next few months. Plants in 6 in. pots \$17.50 each.
- b*C. Harrisonae, 2 to 5 fls., 4 to 5 in. across; S&P rose-lilac; L rose-purple with yellow-orange disc. Su. I. Plants in 5 in. pots \$5.50 each.
- b*C. intermediate, 3 to 5 fls., 4 in. across, S&P light rose; L rose-purple. Su. I. Plants in 5 to 6 in. pots \$5.00 each.
- b*C. labiata, 2 to 7 fls., 6 to 8 in. across; S&P bright rose; L large, deep crimson-purple, throat marked with yellow. Au. I. We will have a nice lot of unestablished plants of this species in stock sometime in May. We expect there to be a number of nice dark varieties in this lot. Unestablished plants \$5.00 ea.

- b*C. *Maxima*. 3 to 7 fls. 5 to 6 in. across, S&P rose; L darker and very distinctly veined. I. Au. to Wi. Plants in 5 in. pots \$8.50 each.
- b*C. *Mendelli*. fls. 6 to 8 in. across, S&P light blush, L deep magenta to crimson. Sp. to Su. I. Unflowered plants in 4 to 5 in. pots \$2.50 each.
- b*C. *Percivaliana*. 2 to 4 fls. 4 to 5 in. across; S&P deep rose; L richly colored with purple, crimson and maroon, bordered with lilac. Wi. I. Plants in 6 in. pots \$5.00 each.
- b*C. *Trianae*. 2 to 3 fls. 6 to 8 in. across; S&P rose-lilac; L purplish-crimson, throat orange. Wi. I. Plants in 5 in. pots \$2.50 each, 6 to 7 in. pots \$5.00 each, 8 in. pot \$10.00.
- b*C. *Warnerii*. 2 to 7 fls. 6 to 9 in. across, S&P deep rose, L crimson. Su. I. Unflowered plants in 6 in. pots \$4.75 each.

DENDROBIUMS

- b.D. *densiflorum*. Many fls., 2 in. across, orange-yellow, L darker. Sp. I. Plants in 3 to 4 in. pots \$4.50 each.
- b.D. *densiflorum* var. *Aureo-Flavum*. fls. deep yellow. Established plants in 3 to 4 in. pots \$4.50 each.
- b*D. *fimbriatum* var. *oculatum*. Spikes 3 to 15 flowered, 2 to 3 in. across, orange-yellow, L beautifully fimbriated and has dark maroon spot at base. Sp. & V. I. Plants in 3 to 3½ in. pots \$4.50 each.
- b*D. *formosum giganteum*. Spikes 2 to 5 flowered, 4 to 5 in. across, pure white except for orange-yellow stain on lip, long lasting, fragrant. Excellent for corsages. Au. to Wi. W. or I. Plants in 3 in. pots \$4.50 each, 3½ in. \$5.00 each, 4 in. \$5.50 each.
- b*D. *Infundibulum*. 2 to 4 fls. in clusters, 4 in. across, pure white except for yellow stain on lip. Sp. & V. I. Plants in 3 in. pots \$4.50 each, 3½ in. \$5.00, 4 in. \$5.50.
- b*D. *phalaenopsis*. Spikes 5 to 15 flowered, about 3 in. across, color very variable, usually deep rose with magenta-purple lip. Au. & V. I. to W. Offsets in 2 to 2½ in. pots, 2 to 4 bulbs per plant, 5 to 12 in. high. Most of these plants have flowered, or will flower this fall & winter. \$2.50 each, 5 for \$12.00, 10 for \$22.50.

LAELIAS

- *L. *Perrinii*. 2 to 5 fls. 5 in. across; S&P rose, front lobe of L deep crimson-purple. Wi. I. Plants \$5.00 each.
- b*L. *purpurata*. 3 to 9 fls. 6 to 9 in. across; S&P light rose; L has yellow throat striped with crimson, front lobe rich crimson-purple. Sp. & Su. I. Plants in 6 to 7 in. pots \$6.50 each. Unflowered plants in 4 in. pots \$4.00 each.

PHALAENOPSIS

- b*Phal. *Aphrodite*. fls. 2½ to 4 in. across, sepals and broader petals pure white; L three lobed, spotted and streaked with purple and yellow. Blooms from Sept. to end of June. W. Plants in 6 in. baskets \$7.50 ea., smaller plants \$5.00 ea.
- b. Phal. *Lueddemanniana*. fls. 2 in. across; S&P whitish barred with amethyst on outer half & cinnamon-brown on inner half; L three lobed, side lobes whitish, mid-lobe amethyst-purple. This species has many varieties, and the bars on S&P may be all brown or all amethyst. On some plants the S&P are completely amethyst without any white or brown. V. & Sp. W. Plants in 4 in. pots \$6.50.
- b*Phal. *Schilleriana*. fls. 2½ to 3½ in. across; sepals and broader petals light rose-purple; L three lobed, lighter in color, front lobe spotted with amethyst-purple. January to March. W. Plants in 4 in. pots \$6.50 each, smaller plants in 4 in. pots \$5.00 each, large plants in 6 in. baskets & pots \$7.50 each, large plants in 8 in. baskets \$9.50 each.

Phalaenopsis Hybrids. We only have a few of these available, if interested write for list.

p. 60. Maxim. 5 to 7 fls. 5 to 6 in. across. 25¢ rose; 1 darker and very distinctly
 veined. I. An. to W. Plants in 5 in. pots \$2.50 each.
 p. 61. Mendell. 5 to 8 in. across. 25¢ light blue; 1 deep magenta to crimson.
 5p. to 8u. I. Unflowered plants in 4 to 5 in. pots \$2.50 each.
 p. 62. Perovskiana. 5 to 6 fls. 4 to 5 in. across. 25¢ deep rose; 1 richly colored
 with purple, crimson and maroon, bordered with lilac. W. I. Plants in 6
 in. pots \$2.00 each.
 p. 63. France. 5 to 5 fls. 6 to 8 in. across; 25¢ rose-lilac; 1 purplish-crimson,
 throat orange. W. I. Plants in 5 in. pots \$2.50 each. 6 to 7 in. pots
 \$2.00 each. 8 in. pot \$10.00.
 p. 64. Warrick. 5 to 7 fls. 6 to 9 in. across. 25¢ deep rose; 1 crimson. 8u. I.
 Unflowered plants in 6 in. pots \$1.75 each.

PEROVSKIA

p. 65. Boniflor. Many fls. 2 in. across. orange-yellow; 1 darker. 8p. I.
 Plants in 5 to 6 in. pots \$1.50 each.
 p. 66. Boniflor var. Anac-flavum. fls. deep yellow. Established plants in 5 to
 6 in. pots \$1.50 each.
 p. 67. Boniflor var. oculum. Spikes 3 to 15 flowered. 5 to 5 in. across. orange-
 yellow; 1 beautifully tinted and has dark maroon spot at base. 8p. & V.
 I. Plants in 5 to 6 in. pots \$1.50 each.
 p. 68. Boniflor giganteum. Spikes 2 to 5 flowered. 4 to 5 in. across. pure white
 except for orange-yellow stain on tip, long lasting. Fragment. Excellent for
 cuttings. An. to W. or I. Plants in 5 in. pots \$1.50 each. 3 1/2 in. \$2.00
 each. 4 in. \$2.50 each.
 p. 69. Boniflor. 5 to 6 fls. in clusters. 4 in. across. pure white except for
 yellow stain on tip. 8p. & V. I. Plants in 5 in. pots \$1.50 each. 3 1/2 in.
 \$2.00. 4 in. \$2.50.
 p. 70. Boniflor. Spikes 2 to 15 flowered, about 3 in. across. color very variable.
 usually deep rose with magenta-purple tip. An. & V. I. to W. Plants in 5
 to 6 in. pots. 2 to 4 buds per plant. 5 to 12 in. high. Most of these
 plants have flowered, or will flower this fall & winter. \$2.50 each. 5 for
 \$12.00, 10 for \$22.50.

PEROVSKIA

*p. 71. Boniflor. 5 to 5 fls. 5 in. across. 25¢ rose. Front lobe of 1 deep crimson-
 purple. W. I. Plants \$2.00 each.
 p. 72. Boniflor. 5 to 9 fls. 6 to 9 in. across; 25¢ light rose; 1 has yellow throat
 striped with crimson. Front lobe rich crimson-purple. 8p. & 8u. I. Plants
 in 6 to 7 in. pots \$2.50 each. Unflowered plants in 4 in. pots \$1.00 each.

PEROVSKIA

p. 73. Boniflor. fls. 2 1/2 to 4 in. across. sepals and broader petals pure white;
 1 three lobed, spotted and streaked with purple and yellow. Blooms from 8p.
 to end of June. W. Plants in 6 in. baskets \$7.50 each. smaller plants \$2.00 ea.
 p. 74. Boniflor. fls. 2 in. across; 25¢ whitish barred with amethyst on
 outer half & crimson-brown on inner half; 1 three lobed, side lobes whitish.
 This species has many varieties. On some plants the 25¢ are completely
 amethyst without any white or brown. V. & 8p. W. Plants in 4 in. pots \$2.50.
 p. 75. Boniflor. fls. 2 1/2 to 3 1/2 in. across; sepals and broader petals light
 rose-purple; 1 three lobed, lighter in color. Front lobe spotted with amethyst-
 purple. January to March. W. Plants in 4 in. pots \$2.50 each. smaller
 plants in 4 in. pots \$2.00 each. large plants in 6 in. baskets 6 pots \$7.50
 each. large plants in 8 in. baskets \$9.50 each.
 Phloxes. We only have a few of these available, if interested write
 for list.

MISCELLANEOUS SPECIES THAT ARE BEING DISCONTINUED

In most cases there are only one or two plants of each species. If possible please list a second choice when ordering. Most plants are well established.

-
- Aerides quinquevulnerum. (fls. white & amethyst. Su. W.) Unestab. plants \$3.50 ea.
 - Brassia choropsis. (fls. green & yellow) plants in 4 & 5 in. pots \$2.75 each.
 - b.Brassia Lawrenceana. (fls. yellowish-green. V. I.) plants in 4 in. pots \$3.00 ea.
 - b.Brassia Longissima var. Minor. (fls. much larger than B. Lawrenceana, orange-yellow spotted with red-purple. V. I.) Plants in 4 in. pots \$5.50 each.
 - b.Calanthe Elmerii. Deciduous. (fls. pink to white. Wi. I.) Plants in 3 in. pots \$2.25 each.
 - b.Dendrobium Biggibum. (fls. similar to D. phalaenopsis) Plants in 3 in. pots \$5.00.
 - Dendrobium crumenatum. (fls. pinkish-white. Su. W.) Plants in 3 in. pots \$3.50 ea.
 - Dendrobium Speciosum. (Spikes many flowered, 1 to 2 in. across, creamy yellow, L spotted with purple. V. I.) Plant in 5 in. pot \$4.50, 7 in. pot \$10.00.
 - Dendrobium Undulatum. (Spikes 10 to 20 flowered, 2 in. across, yellowish brown. Sp. & Su. W.) Large plants in 5 to 6 in. pots \$7.50 each.
 - Laelia furfuracea. Very Rare. (Well formed rose-purple fls., 5 in. across. Au. C.) Unestablished plants \$2.50 each.
 - b.Laelia Gouldiana. (fls. deep rose-purple. Wi. I.) Plant in 4 in. pot \$2.50, 6 in. pot \$4.50.
 - b*Oncidium ampliatum var majus. (Many fls. 1½ to 2 in. across, yellow & brown. Wi. to Sp. I. or W.) Large plant in 7 in. pot \$10.00, small plants in 4 in. pots \$2.50.
 - b.Oncidium Cebolleta. (Many fls., 1 in. across, yellow & brown, L bright yellow. Sp. I.) Small plants in 3 in. pots \$2.50 each.
 - b.Oncidium flexuosum. (Many fls. 1 in. across, yellow & brown. Su. I.) \$3.75 each.
 - b*Oncidium Lanceanum. (fls. large, fragrant, S&P yellow spotted with brown, L large, rose-purple. Su. W.) Plants in 4 in. pots \$7.50 each, 6 in. pot \$15.00.
 - b.Oncidium lurides. (Many fls., yellowish-green & brown. Su. I.) 4 in. pot \$3.50.
 - b.Oncidium ornithorynchum. (Many fls. rose-lilac. Wi. C.) Plant in 6 in. pot \$5.50.
 - b*Oncidium sphacelatum. (Many fls. brown & yellow. Sp. I.) Plants in 6 in. pots \$4.50 each, 4 in. pots \$2.50 each.
 - Vanda lamellata var. Boxallii. (fls. creamy-white & rose-purple. Wi. W.) Unestablished plants \$3.50 each.
 - b.Vanilla planifolia. Cuttings up to 4 ft. long 50¢ per ft.
 - Vanilla Pompona. Cuttings up to 3 ft. long \$1.50 per ft. when available.
 - Warea Costarricensis. (fls. 2 in. across, red & yellow. Au. I.) 6 in. pot \$2.50.

SPECIALS

Bletilla Hyacinthina (Chinese Terrestrial Orchid) 6 to 8 fls. per stem, about 2 in. across. The blossoms last well cut and are excellent for corsages. They may be grown in the garden or in the house. Any good garden soil is suitable, but the addition of leaf mould or peat moss is beneficial. They will grow in full sun, but will grow best in about half shade. Bulbs are hardy in all situations if a good mulch is used in the coldest climates. Bulbs 50¢ each, 3 for \$1.25, 1 doz. \$4.50. All bulbs offered are top size and will flower this spring.

Cattleya Species. Plants in 3, 3½, 4, 4½, 5 and 6 in. pots \$1.75 each, 5 for \$7.50. All of these are large flowered species, but they are all not blooming size or first quality plants. Some of the plants in this lot will flower this year, but others won't flower until next year or the following year.

ANTHURIUM ANDRAEANUM HYBRID SEEDLINGS

plants in 2¼ to 2½ in. pots, 6 to 10 in. high.....\$1.00 each
plants in 3 in. pots 8 to 12 in. high.....\$1.35 each

Pellionia vines. Good for growing under benches in greenhouse to help raise humidity. plants in 3 in. pots 50¢ each.

1. The purpose of this document is to provide a comprehensive overview of the current status of the project and to identify the key areas for improvement.

2. The project has made significant progress since the last meeting, with several key milestones being achieved. However, there are still several areas that require attention and resources.

3. The primary focus of the next phase will be to address the outstanding issues identified in the previous report. This will involve a detailed analysis of the data and a re-evaluation of the project's goals and objectives.

4. It is important to note that the project's success will depend on the continued support and collaboration of all stakeholders. We will be holding regular meetings to ensure that everyone is kept up-to-date on the project's progress.

5. The following table provides a summary of the project's performance over the last quarter. The data shows a steady increase in productivity and a decrease in the number of errors, which is a positive sign.

6. In conclusion, the project is on track and we are confident that we will achieve our goals by the end of the year. We will continue to monitor the project's progress and make adjustments as needed.

7. The next meeting will be held on the 15th of the month. Please bring any relevant documents or data to the meeting. We will also be discussing the budget for the next quarter.

8. Thank you for your time and attention. We appreciate your contributions to the project and look forward to working with you again.

9. If you have any questions or concerns, please do not hesitate to contact me. My contact information is provided at the end of this document.

10. This document is confidential and should be handled accordingly. It is not to be distributed outside of the project team without the express permission of the project manager.

The following plants are from a private collection that we have contracted to sell. All of these plants are free flowering and can be easily grown by the amateur orchid grower. Also we wish to note that the Cymbidiums in this list are especially free flowering. The varieties of the hybrids and species of this genus were especially picked by the owner of this collection because of their free flowering qualities. All Cymbidiums & Cattleya hybrids offered are divisions of the variety described. In the Cymbidiums we do not consider those in 4 in. pots as flowering size. Practically all Cymbidiums will require larger pots than those listed. Only a few plants are available in each size, so please if possible list a second choice when ordering. All plants are guaranteed to be in good condition.

Cymbidium Butterfly. (Selected Variety). Long arching spikes of tawny gold flowers with red dots on lip. 4 in. \$7.50, 5 in. \$12.00, 6 in. \$20.00.

Cymbidium Cheerful. Pale pinkish rose. 4 in. \$5.00, 5 in. \$7.50.

Cymbidium Doreen. Arching spikes of bronze-colored flowers with reddish brown stripes. 5 in. \$7.50

Cymbidium Enchantress. Arching spikes of bronze-green flowers. 4 in. \$5.00, 5 in. \$7.50, 6 in. \$10.00.

Cymbidium Hugh Evans. Long arching spikes of clear green flowers. 4 in. \$7.50, 5 in. \$12.00, 6 in. \$20.00.

Cymbidium Lowianum. (Burma). Dark Variety. Long pendant spikes of greenish flowers with dark lips. 4 in. \$5.50, 5 in. \$7.50.

Cymbidium Madeleine. (Fine Variety). Upright spikes of golden yellow flowers with dark lips. 4 in. \$10.00, 5 in. \$15.00, 6 in. \$20.00.

Cymbidium Moira. Arching spikes of greenish flowers with dark lips. 4 in. \$5.00, 5 in. \$7.50, 6 in. \$12.00.

Cymbidium Pauwelsii. (Fine Variety). Semi-upright spikes of peach-colored flowers with dark lips. 4 in. \$7.50, 5 in. \$12.00, 6 in. \$15.00.

Cymb. Tracyanum. (Burma). Long arching spikes of large tawny yellow flowers with reddish stripes and large spotted lips. 4 in. \$5.00, 5 in. \$7.50, 6 in. \$20.00.

Cattleya Alabaster. Pure White flowers freely produced in late Fall and early Winter. 5 in. \$15.00.

Cattleya Chapmani var. Splendens. Medium size heavy-textured rose-colored flowers, spikes have from 5 to 10 flowers each. Sept. - Nov. flowering. 4 in. \$10.00, 5 in. \$15.00.

Cattleya Dubiosa alba. Almost white, medium-sized flowers produced freely in Fall and sometimes again in Spring. 4 in. \$5.00, 5 in. \$7.50.

Cattleya Santa Monica. Large light-colored flowers with dark lips. Blooms in Spring & Early Summer. 5 in. \$10.00.

Laeliocattleya Vivacity. Medium size light rose-colored flowers. Blooms in late Fall or early Winter. 4 in. \$15.00.

**YOUR CHOICE OF
3 SPRAYERS...**

INSECT-O-GUN

Sprays INSECTICIDES FUNGICIDES • WEED KILLERS

3 gal. capacity: standard pint mason jar holds enough solution to make 3 gal. proper spray. Deluxe model, extra rugged lifetime construction, pistol grip for easy holding and accurate direction, handy hang-up hook. Bradson *oversize* suction hole for clog-free operation. Bradson positive water control knob—just set it, on or off, with your thumb; it is held on or off by water pressure—no trigger to squeeze or valve to hold open. Enameled garden green.

\$595

GARD-N-GUN

Sprays INSECTICIDES • FUNGICIDES WEED KILLERS

1 1/2 gal. capacity: home replaceable half-pint jar holds enough solution to make 1 1/2 gal. proper spray. Inexpensive, light weight yet sturdy model, ideal for small gardens. Has Bradson *oversize* suction hole and positive water control knob. Enameled rich blue.

\$295

Every BRADSON Gun has these important features:

1. Uses *any* type or brand of spray material that is mixed with water to apply.
2. Accurately proportions spray solution and water, even in areas with unusually low water pressure.
3. Flexible suction hose is removable for quick, easy cleaning, and is not subject to attack by chemicals in spray solution.
4. Safety air gap that complies with public health laws.
5. Jars are home replaceable.
6. No pressure in jar.
7. No moving parts.
8. Cleans in 30 seconds.
9. Fully guaranteed.

**WATER PRESSURE
DOES THE WORK**

GRO-GUN

Sprays FERTILIZERS PLANT FOODS

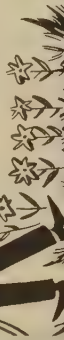

Far easier than laboriously spreading fertilizers, then watering in. And you get more thorough, even coverage in the bargain. No longer need liquid fertilizers and soluble plant foods be tediously applied with sprinkling can. Just spread 'em while sprinkling... with a Bradson Gro-Gun. Sprays both liquids or powders... any fertilizer or plant food that you mix with water to apply. Yet due to the Bradson extra large suction hole, is practically *impossible to clog*. Home replaceable pint jar holds enough to make 15 gallons of proper spray. Easy one finger control. Enameled bright red.

\$295

SPRAY THE MODERN WAY

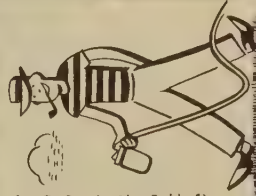

No more pumping a sprayer 'til arms ache... or lugging a heavy tank around... to kill garden pests. No more back break in spreading fertilizer! No strained stooping to dig out weeds!

Now there's an *easy* way to spray insecticides and fungicides... even spray weed killers and fertilizers. Just attach a Bradson spray gun, like a nozzle, on your garden hose... then spray away. Let water pressure do the work!

THE MODERN SPRAY GUNS

A Bradson "gun," not only makes it *easier* to spray insecticides and fungicides, it also *kills more pests* because it *thoroughly drenches* plants with a soft, misty, properly proportioned spray. And when you spray fertilizers on your lawn or garden, you not only cover in minutes areas that used to take hours, but you also get more thorough, even coverage.

FOR CLOG-FREE OPERATION

A Bradson sprayer's suction hole is *five times as large* as that of ordinary sprayers. It is practically *impossible to clog*. Use your favorite type or brand of spray material, even wettable sulphur, arsenate of lead or Bordeaux mixture—which clog ordinary sprayers. Bradson "guns" are not limited to liquid products, or those of a single manufacturer. They spray *any* insecticide or fungicide... *liquid or powder*... or *any* fertilizer or weed killer that you mix with water to apply.

EVERY BRADSON GUN IS FULLY GUARANTEED

GUARANTEE

Your Bradson Insect-O-Gun, Gard-N-Gun or Gro-Gun, except for jar and washers, is guaranteed against any and all defects in workmanship and materials for one year from date of purchase. Factory service is always available for Bradson sprayers.

TERMS & CONDITIONS:

1. Cash with order or 50% down payment and balance C.O.D. We will not make any C.O.D. shipments unless 50% payment accompanies the order. Payment should be made by check, cashiers check, postal money order, express money order or by currency when sent by registered mail.

2. Customers living in Missouri should add 2% sales tax to all orders.

3. All plants unless otherwise listed are established and of blooming size.

4. We will not accept an order for less than \$5.00 worth of plants unless \$1.00 extra is included to cover packing costs.

5. All prices are subject to change without notice.

6. All prices are net, f.o.b. Kirkwood, Missouri, unless otherwise stated. All books are sent postpaid.

7. All of the plants listed are in stock at the time of printing this list; however they are subject to prior sale. When ordering please if possible list a second choice, as the stock of many species and hybrids is very limited, and when most of the species are sold additional plants won't be imported.

8. All plants will be shipped via railway express collect, unless we are otherwise instructed.

9. All plants are carefully packed and should arrive in good condition. However, we are not responsible for the safe arrival of plants. All plants that are shipped by railway or air express are fully insured and once accepted by the carriers, they are responsible for their safe delivery. Plants should be examined carefully upon their arrival, and if there is the slightest indication of damage a claim should be filled immediately with the express company. The express company must see the plants immediately to have a claim considered. Parcel post shipments cannot be insured against loss or damage.

10. When sending items parcel post that are not quoted as postpaid we will prepay charges as a service to the customer. Prompt reimbursement of these charges will be appreciated.

11. All established large plants will be shipped out of pots. This cuts down weight and greatly reduces the shipping cost. Customers wishing large plants left in pots should add 50% extra per plant to cover additional costs of packing.

OUR GUARANTEE:

1. All species plants unless otherwise stated are guaranteed to be of blooming size, in good condition and true to name as labelled by growers or exporters.

2. Our liability, in all instances, is limited to the purchase price of the plants. We give no warranty, express or implied, as to the productiveness of any plants we sell and will not in any way be responsible for the crop.

WANTED rare Phalaenopsis species. We will appreciate price quotations from anyone who can supply these.
